Beware of Ointments for Catarrh That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken interally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all Druggists, 72c.

Mr. Waller Todd and family have moved to their farm near Mortons Gap. Mr. Todd picked the coldest day in the year to move in which is good evidence that he does not fear cold weather. The Kennedy Players, who played here three nights this week, abandoned their car and left their scenery here. This was done on account of railroad rates being too high for this company to stand. The price asked for moving the car from Earlington to Central City was \$50. This company gave three very creditable performances while here and had fairly good houses. Mr. Jno. J. Kennedy, the manager of the company, says it is decidedly less expensive to travel without the luxury of a private car.

BIRDS OF SPRING.

Multitudes of Robins and Bluebirds Visit Us This Week.

The "sweet harbingers of Spring" have erred in their bearings this week or else have been chased in a circle by some out-riider of the big blizzard that has swept the country. Several mornings this week multitudes of robins and bluebirds have made Earlington sunrise blithe with their sweet notes and brilliant plumage. But the six-below-zero weather of yesterday morning found these visitors scarce, and they have probably gone in search of the groundhog.

JAS. R. RASH DONATES TEN THOUSAND DOLLARS.

South Kentucky College the Beneficiary of This Gift.

BUILDING TO BE ERECTED AS MEMORIAL TO HIS SON.

Jas. R. Rash, of this city, has given South Kentucky College \$10,000.

This generous donation not only insures the retention of South Kentucky College on its present beautiful site in Hopkinsville but, with subscriptions of citizens there and elsewhere, makes possible its general enlargement in the way of new buildings and educational usefulness, and will place the college among the foremost institutions of learning in Kentucky.

The board of trustees, of which Mr. George C. Long is president, had an intimation recently that a large donation would probably be secured, but the name of the donor was not divulged until Tuesday night when, at a meeting of the board, Elder Hardy introduced Mr. Rash, who presented his check for \$10,000.

The subscriptions that have been paid or promised will be applied to discharge the debt on the college and to restore the building which was partly destroyed by fire November 2, 1905. Mr. Rash's gift is made for a memorial to his son, Ben L. Rash, Jr., a bright and popular boy, who died in his early youth.

Mr. Rash is one of Earlington's most progressive and public spirited citizens and is always deeply interested in every moral, religious and educational movement.
